

SEPTEMBER – DECEMBER 2020  
COURSES

Spend a term studying the British curriculum  
and improving your English whilst boarding in the  
heart of one of the UK's most exciting cities.

# LOCATIONS

## Abbey College Cambridge

Cambridge is a fusion of the everyday and the extraordinary, a place that has shaped our history and continues to make its mark on our future. For over 800 years, the city has been home to the world-renowned University of Cambridge, it is consistently voted as one of the world's best.

Cambridge is a quiet, safe and very beautiful city. There are an enormous range of cultural, sporting, leisure and entertainment opportunities within the city and the surrounding countryside. It is also a hub for cutting edge research and development. Technology start-ups, entrepreneurs, and established global giants such as Apple, Microsoft, ARM and Hewlett Packard all have bases here. Central London is 45 minutes away by train. The nearest international airport is just 30 minutes by train or car. European capitals such as Paris, Amsterdam and Brussels can also be accessed from the city centre.

## DLD College London

As one of the world's great capitals, London is an ideal place for those who wish to study finance, engineering, law and the sciences as well as the medical professions. Every large company in the world has offices here, adding to the feeling of excitement and being near to the centre of the business world.

London is also the cultural capital of the UK, with all of the most important museums, libraries and art galleries as well as being the centre of theatre, cinema, fashion, design and architecture. Multi-cultural and tolerant, it is hard to be bored here and easy to find exactly what you are looking for, whether it be an internship at a leading financial company, a foreign newspaper or simply a specific item of food.

## Abbey College Manchester

Manchester is the regional hub of northwest England and is the UK's largest business and education area outside London. It is modern, thriving and has the cosmopolitan feel of a capital city. There is stunning architecture at every turn that superbly blends the modern with the traditional.

The city is well known for its famous football clubs, Manchester United and Manchester City. But there are world leading venues in other sports too such as cricket, badminton, squash and cycling.

There is much more to the city than sport though – it is the cultural centre of England's north, with museums, libraries, business and arts facilities to rival the best in the country.

# WHY STUDY WITH US?

- Improve your written and spoken English
- Live and study in one of three beautiful, historic and vibrant British cities
- Study the globally recognised and admired British curriculum
- High quality accommodation and pastoral support included
- Study and live with ambitious students from around the world

Whilst you study you will become a full member of our diverse student community, with access to our exciting extra-curricular programme of weekly clubs, sports and activities, evening lectures, and university study preparation sessions.

Upon completion of your studies, you will receive a comprehensive academic report and completion certificate to take home. If you enjoy your time here, you can also choose to join the full GCSE or A Level course and complete your university studies in the UK or at home.

# COURSE OVERVIEW

You will be joining students from around the world studying on our established GCSE (14–16 years) and A Level (16–18 years) programmes. Your weekly study programme will be a combination of academic subjects and English language lessons.

Full board accommodation will be included in one of our college boarding houses.

| Russian                   |                            | ✓                     |                             |
| Sociology                 |                            | ✓                     |                             |
| Spanish                   |                            | ✓                     |                             |

'Ultimately, without the confidence, perseverance and team-working skills that I have attained by taking advantage of the wide range of opportunities that my college has offered me, I would not have been able to achieve much of what I have today, and what has prepared me for what I hope will be a prosperous career in Computer Science.'

**Tia**

'Cambridge has activities for all tastes, from hanging out with friends at the park to listening to academic talks in the university buildings. I've made friends with people from around the world and they gave me a lot of support while I learned.'

**Luiz Carlos**

'Small classes, supportive teachers, students from around the world, a big selection of clubs and societies, and located in the centre of a great city. Abbey College Manchester is an amazing place to be.'
